

MEPCE ANNOUNCES STRATEGIC ACQUISITION AND REBRAND AS MULTIPOINT ENGINEERING

EXPANDED EXPERTISE. GREATER IMPACT.

MULTIPOINT
ENGINEERING

(FORMERLY MEPCE)

DALLAS-FORT WORTH & DENVER | SEPT. 2026 —

MultiPoint Engineering, formerly MEP Consulting Engineers (MEPCE), announces the acquisition of Denver-based Shaffer Baucom Engineering & Consulting (SBEC), effective July 1, 2026, and the firm's official transition to its new name and corporate identity, MultiPoint Engineering, effective September 1, 2026.

The acquisition expands MultiPoint Engineering's presence in Colorado while bringing together the consulting expertise, resources, and talent of both organizations to strengthen its capabilities and geographic reach.

“This acquisition and rebrand represent an exciting step forward for our organization. Together, we are expanding our expertise, strengthening our geographic footprint, and building on the capabilities of both teams to better serve our clients.”

— **Adam Nemati PE, RCDD, LEED AP**
SENIOR PRINCIPAL
MULTIPOINT ENGINEERING

WHY IT MATTERS.

EXPANDING OUR REACH.

TEXAS + COLORADO OFFICES

A stronger regional presence and broader ability to serve clients.

REFLECTING OUR GROWTH.
